# Alok Shukla

alokshukla6060@gmail.com | 8957764137

GitHub | LinkedIn | GFG | LeetCode

## Skills

- **Programming Languages:** Java, JavaScript, Data Structure and Algorithm
- **Technical Skills:** Full Stack Development (MERN), Email-JS, REST APIs, DBMS, Object-Oriented Programming
- **Frameworks and Tools:** ReactJS, NodeJS, Next.JS, Express-JS, Git & GitHub, MongoDB, Redux

## Work Experience

- **All India Council for Technical Education (Government AICTE):** Interned at AICTE, focusing on promoting developers, where I worked as a Frontend Developer.( Certificate ). **Jan-March 2024**
- **INDIA SPACE LAB:** Interned at India Space Lab, gaining hands-on experience in robotics, space stations, and satellite operations across various fields.( Certificate ) **Dec 2024-Jan 2025**
- **Admin Ed Gate Technologies Pvt Ltd**: R.T.Nagar,Bangalore:560032.**(Certificate).** **Sep-Oct 2024**

## Education

- **Bachelor of Technology in Computer Science and Engineering** **October 2022-Present**
  VIT Bhopal University Kothri Kalan, Sehore, Madhya Pradesh **CGPA:7.93/10**
- **Higher Secondary Education (XII)**
  Shri Durga Ji Inter College Sehda, Azamgarh, Uttar Pradesh **Percentage:78.6%**
- **High School Education(X)**
  S.N Singh Memorial High School Pura Bad Lahi Ambedkar Nagar, Uttar Pradesh **Percentage:81.5%**

## Projects

- **Elite-Mart:** Elite-Mart is a modern e-commerce platform built with **ReactJS, NodeJS, MongoDB**, and **Tailwind CSS**. It integrates **Stripe** for secure payment processing and Cloud nary for efficient image management. Designed for smooth user experiences, it ensures responsive design, fast transactions, and scalable architecture—ideal for tech-driven, customer-focused online retail solutions. (Elite-Mart ).
- **Portfolio:** Developed a personal portfolio using **ReactJS** with smooth animations and 3D-Objects, styling powered by **Three-JS, Canvas**, **Framer Motion**. Integrated a functional contact form using **Email-JS** for seamless communication and user interaction. (My-Portfolio ).
- **Agro-AimStore:** A web platform built with **TypeScript, Tailwind CSS, ReactJS, Context-API,** and **Graph Map**, designed to sell, manage, and visualize agriculture-related products. ( Agro-AimStore ).
- **Wanderlust (2023):** Developed a professional hotel booking website enabling users to search available rooms and make secure payments via **Stripe**. Built with **HTML, CSS**, and **JavaScript**, ensuring responsive design and smooth user experience. Hosted on **Render** for reliable deployment and performance. Focused on functionality, security, and user-centric interface design. (Wanderlust ).

## Certifications

- Cloud Computing- NPTEL( Certificate ). **Jan-April 2024**
- Marketing Analytics- NPTEL (Certificate ) **Jan-May 2025**
- MERN Developer- ETHNUS Certificate ( Certificate ). **Jan-May 2025**
- Blockchain Developer- IBM( Certificate ). **Jan-April 2025**

## Achievements

- Contributor – Girl Script Summer of Code 2024 **April 2024**
- Campus Ambassador GSSOC (2025) **June 2025**
- TCS Code Vita Global Rank: 4775 / 4.4 Lakh **Nov 2024**
- Solved 360+ questions on LeetCode.
- Solved 300+ questions on GeeksforGeeks.

## Courses

- **Core Subjects:** Data Structure and Algorithms | Fundamental in AI and ML | Programming in JAVA | Database Management System | Object Oriented Programming in JAVA | Operating System | Computer Networks.
- **Online Courses:** The Bits and Bytes of Computer Networking (Coursera) | Complete web development (MERN)
